**Commissioner for Patents**

The amendment and election filed on 6/13/05 have been received and entered into the application. Applicants with traverse elected 'antibodies' as core molecules, and further elected claims 19-23.

Applicants election with traversal would be addressed in the office action on merit.

The election of an antibody as core molecule is not specific; and applicants have not elected single ultimate species of electromagnetically labile residue, and the attachment site of the electromagnetically labile residue to the core molecule (i.e., structure of the molecular composite).

Thus, applicants response is considered as non responsive.

A shortened statutory period for reply to this letter is set to expire ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this letter.
